

INCREASE THE *IMPACT* OF YOUR GIFT

Did you know...

Many companies encourage philanthropy among their employees by offering a **matching gift program**--*some even match donations made by spouses or retirees or award money for volunteer hours.*

It can be as easy as **filling out a form online or on paper**, so check with your employer to see how you could double, or even triple, your donation.

Thank you for your generosity and support in helping us advocate for children in need.
